From Dte Dot, City and Cl, Mysore
No GT-2131 — 8/16-3-42

Requests that sanction may be accorded to take up the work relating to the sinking of wells in the city & that an outright grant of Rs 25,000 may be given or a loan to that extent free of interest.

Permission may perhaps be accorded for taking up the work relating to the sinking of wells in the city.

Provision has perhaps been made in the R Budget for A.R.P. measures if approd, this will be transferred to the war section for necessary action.

A draft letter is submitted for approval order

WB
18/3
&
15/8

The question as to the source from which the cost of such works which are part of the A.R.P. measures should be met is a general one whether the entire cost should be met by the Local body or to what extent Govt may and the said body in the execution of such works is due for consideration as

decision. The Bangalore city Municipality has also asked for a sum of Rs 5000/- for the purchase of sand bags as one of the A.R.P. measures.

Pending consideration of the above general question, the draft letter to the President, Bangalore city Municipality permitting them to proceed with the work relating to the reopening of old wells and sinking of new ones may perhaps be approved.

19) The question of apportionment of the cost of special A R P. measures between Government and Local Bodies is a general one which requires detailed consideration after an examination of its various aspects, and this may be taken up separately after ascertaining the practice in British India also

20) So far as the case now under consideration is concerned, I think the provison of adequate water facilites is one of the obligatory functions of the Municipality and the measures proposed to be undertaken is one of general improvement the benefit of which will be available to the people even after the emergency ceases On principle, I am not in favour of giving grants from State Funds to meet such charges

21) If the resources of the Municipality are not, however, adequate to find funds for this, the necessary amount may have to be advanced as a loan if necessary

OFFICE OF THE PRESIDENT
CITY MUNICIPAL COUNCIL MYSORE.

No GT 2131 Mu 159-41-4 Dated 15th March 19 42

From B S RAGHAVENDRA RAO, ESQ , M A (Hons)
~~M NAVANEETHAM NAIDU Esq B A BL~~
PRESIDENT CITY MUNICIPAL COUNCIL
MYSORE

To

H V Narayana Rao, Esq , B A ,LL B ,
Secretary to Government, Law Department,
BANGALORE

Sir,

In forwarding herewith the resolution tabled by Mr M V Venkataramiah, Municipal Councillor and discussed at the council meeting held on the 7th March 1942 regarding sinking of wells in the City, I have the honor to state that the resolution was carried unanimously, in view of the immediate necessity for the sinking of wells as an emergency measure for safeguarding the water supply of the Town

2 It is understood that for various reasons several old wells and ponds in the Mysore City that were supplying drinking water were closed, and it is now proposed to re-open such of the public wells as were giving an unceasing water supply and also to open out new public wells where ponds that had a good supply of potable water formerly existed The Municipal Engineer and the staff concerned have been directed to make a rapid survey and fix up the placeswhere the wells are to be opened It is proposed to open out 10-12feet diameter circular wells with 6 pulleys each Wherever possible hand-pumps will also be fitted up Standard estimates are being prepared for the excavation and construction of these wells and sanction to this will be got in the usual course

In the meanwhile as the matter is very urgent, I request sanction to take up the work of all these wells forthwith

3 Regarding the source for meeting the cost, in the resolution

it is proposed that the funds required may be obtained as an outright grant from Government and if this is not possible, at least as a loan free of interest The closing balance of the Municipality is expected to be only Rs 25,414, i e just above the prescribed ~~the~~ minimum, vide my report No G T 1824 dated 10th February 1942 and if the above expenditure has to be met from the above closing balance, the same will be wiped out, thus placing the finances of the Municipality in a very unsatisfactory position

4 I therefore request that sanction of Government may kindly be obtained either to give the amount as an outright grant or as a loan free of interest (Rs 25,000) for taking up this work which is extremely urgent and important

5 Sanction is also solicited for taking up these works forthwith The favour of very early orders are requested

I have the honour to be,
Sir,
Your most obedient servant,

B Rajahamundry
